Instead of going through theory pattern, practical should be included.

The real experience in court was totally unexpected and we stood blank in court on first day. Instead college should also provide how to represent your case at first stage....and are stages of criminal and civil cases.

Nothing

More of practical experience should be given. judicial aspirants should be given some idea abt judiciary.

Satisfied about college decorum and lectures of legends during college period.

Subjects such as IPC,CPC,CrPC, Evidence Act which r used practically b taught in detail with a bit practical application

I like law course

## Criterion - 1

### METRIC 1.4.2 Stakeholders feedback report

The Feedback collected is used to fill the deficiencies found after analyzing the feedback taken from the students, teachers, and alumni. The students are the stakeholders of the institution whose satisfaction is of most concern for the institution. Students are asked whether the curriculum is helping in developing their personality, fulfilling their expectations applicable in their daily life. If any dissatisfaction is found in the feedback then it is discussed in the mentor meetings. The teachers are asked whether present syllabi fulfil the need for legal education, whether maximum legal knowledge can be imparted through present syllabi, about lacunae present in present syllabi, and the topics that can be added to the syllabi. After the feedback of teachers is taken, a deliberate discussion is made on it, if it is found that a particular subject is outdated or has discrepancies then the same is raised and it is discussed in the Principals' Meet at the affiliating University. In the same way, feedback on the curriculum is obtained from alumni and is analyzed. This gives the institution the views of the alumni relating to the syllabus and curriculum. It helps us to understand the position of the curriculum as it existed and the scope of improvement in the curriculum in the present~day scenario.

Suggestions for improvement of the curriculum by stakeholders ~ The syllabus has to be made simple and such subjects should be introduced which are useful from a practice point of view. Students should be prepared for judicial exams. More practical teachings should be adopted such as moot courts and mock trials to give exposure to students and develop communication skills. Procedural law should be emphasized and taught in detail. The course has to be more practical oriented.

The below are the analysis of the curriculum feedback for the year 2018-2019 and 2019-2020-

Instead of going through theory pattern, practical should be included.

The real experience in court was totally unexpected and we stood blank in court on first day. Instead college should also provide how to represent your case at first stage....and are stages of criminal and civil cases.

Nothing

More of practical experience should be given. judicial aspirants should be given some idea abt judiciary.

Satisfied about college decorum and lectures of legends during college period.

Subjects such as IPC,CPC,CrPC, Evidence Act which r used practically b taught in detail with a bit practical application

I like law course

Less theory, more practical

Some topics are too high for the students of prelaw

No

Updating is necessary

There is need to introduce the subjects which will more helpful for the students in their future professional life. Further there is a need to give more importance on the practical aspects in relation to the subjects. Thank you.

There should be flexibility to include in the syllabi the latest developments in the field of law.

Good

Still minute improvement is required in some areas of work. More importance is given to theory and no importance to practical learning and the teaching and syllabus system is not par with the changing circumstances. Study of law has widened my horizon. However, the course and curriculum may be altered in such a way to change the perception of the student that law is business for earning money. No, law is a profession where money is just some secondary consequence. Further, arrangements need to be made for basic survival of fresh law graduates entering into practice. Only dissatisfaction is office of college won't behave properly.. Specially after completion of course.

#### ABOUT THE ORGANIZATION

Karnatak Law Society's Raja Lakshme Gowda Law College has constituted the most competent personalities not only to the Bench and the Bar but also to every walk of life. It has done yeoman service to the cause of legal education in this part of the country. It was established with a view, inter alia, to diffuse knowledge of law in the general public and to train graduates in law. The mission of the College is to provide quality education and promote excellence of performance and to provide law professionals with sound knowledge fit to face the challenge of the millennium.

The Human Rights Club of the College was established with an objective to ignite political and cultural discussions on campus through workshops and seminars on Human Rights. The Human Rights Club aims to promote advanced study and research in the emerging trends relating to Human Rights. The ultimate objective of the Human Rights Club is to give students a platform to discuss theoretical and practical issues relevant to the promotion and protection of Human Rights and Human Dignity.

#### THEME OF THE SEMINAR

The main theme of the seminar is Human Rights. The National Seminar will have resource persons from Goa, Maharashtra and Karnataka. Human rights are both inspirational and practical. Human rights principles hold up the vision of a free, just, and peaceful world and set minimum standards for how individuals and

institutions everywhere should treat people. The Human Rights have been a part of our experience for three to four generations. Human Rights started with Universal Declaration of Human Rights in 1948 and have seen four generations. The expression 'generation rights' refers to the category of rights in which historical transitions occurred from passing generations to the emergent one. This Seminar is an endeavor to spread awareness regarding the multi-faceted concept of the generational rights among the youth, academia and even the common masses.

#### CALL FOR PAPERS

Seminar papers are invited from the academicians, practitioners, research scholars and students on the issues related to below mentioned themes. It is also proposed that the selected papers by the Committee will be published in a special volume of the seminar in the form of an edited book with ISBN Number.

An abstract should contain 300 - 350 words accompanied by a brief profile of the author indicating his email ID, contact number and official address. Full Paper should not be of more than 3500 words. It must be typed in Times New Roman Font Size 12 on A4 size paper with 1" margin on all sides with 1.5 line spacing. A Uniform Formatting Style must be strictly adhered to while submitting the abstracts and full paper. Authors of selected abstracts will be given an opportunity to present their paper as per requirement of the theme during sessions on the day of the seminar.

#### THEMES

- 1 HEALTH AND HUMAN RIGHTS
- 2 LIFE AND HUMAN RIGHTS
- 3 CRIMINAL JUSTICE AND HUMAN RIGHTS

<p><b>ABOUT KLS</b></p> <p>Karnatak Law Society (KLS), founded by eminent lawyers of Karnataka in 1938, has been rendering a yeoman service in the sphere of professional education in this part of the country. It has the distinction of running colleges in the fields of Law, Commerce, Engineering and Management Education. All its institutions have earned reputation as one of the best colleges in Karnataka.</p>	<p><b>THEME OF THE CONFERENCE</b></p> <p>The theme of the conference revolves around Corporate Governance and Corporate Social Responsibility which has been an ongoing area of focus for both lawyers and managers. Corporate Governance is the set of processes, customs, policies, laws, and institutions affecting the way a corporation (or company) is directed, administered or controlled. India has witnessed several amendments – the Companies Act, 2013 and 2018 listing obligations and disclosure requirements regulations have contributed significantly in strengthening governance norms and in increasing accountability by way of disclosures. For achieving the desired results, it is important that regulatory measures are modeled based on the practices and business environment in India. This conference will be looking into broad parameters like laws, regulations, litigation, disclosures and practices relating to Corporate Governance. The Corporate Social Responsibility (CSR) movement began as a response to adequacy for corporations to play a role in ameliorating social problems due to their economic power and growing presence in daily life. From charity to Corporate Philanthropy to mandatory CSR, this domain has witnessed a sea change posing novel opportunities and challenges for organizations. The push for legislation came because voluntary CSR presented problems such as free-riding, opportunistic taking advantage of benefits without actually spending, green washing among CSR and false disclosures. Unlike such that the law made more precise and backed up by effective enforcement and penalties for non-compliance, it will not promote CSR or make companies engage more with stakeholders. This conference will be looking of these issues specifically and would try to have discussions to build up more comprehensive managerial innovations and legal initiatives to enhance the compliance of CSR in India. It would also focus on the challenges faced by companies due to the amendments in the Companies Act 2013 and best practices of companies as adopting CSR.</p>	<p><b>CALL FOR PAPERS</b></p> <p>Original Research papers are invited from the academicians, practitioners, research scholars and students on the issues related to below mentioned theme. It is also proposed that the selected paper by the Research Committee will be published in a special volume of the conference in the form of an edited book with ISBN Number. Authors of selected abstracts will be given an opportunity to present their paper during the conference.</p> <p>An abstract should contain 300 – 350 words accompanied by a brief profile of the author indicating email ID, contact number and official address. Full Paper should not be of more than 3500 words. It must be typed in Times New Roman Font Size 12 on A4 size paper with 1" margin on all sides with 1.5 line spacing. A Uniform Formatting style must be strictly adhered to while submitting the abstracts and full paper.</p>								
<p><b>ABOUT RLS R.L.
