REPORT – LEGAL AID CAMP 2022

LEGAL AID CELL - RAJA LAKHAMGOUDA LAW COLLEGE, BELAGAVI

Survey Date – 28TH – 30TH March, 2022

Place- Aste , District – Belagavi

Survey Conducted by : Law Students , R L Law College , Belagavi

Coordinator – Shri ChetanKumar T.M.(Assistant Professor , RL Law College , Belagavi)

Survey was conducted in the village of Aste , District - Belagavi from 28th to 30th March 2022. The residents of the village were asked with certain information in the form of questioner.

The following observations were made from the survey collected from various families across the Village.

1. Over 90% of the children who were born recently had their birth certificate registered. However, around 10 % of the Families did not have the birth certificate of their children. We have advised the elders to get the birth certificate registered of their children immediately either by visiting Seva Kendra's, or do it online by themselves if they access to technological needs.

2. Over 95% of the persons who died recently, the families of the same could get their Death Certificate of the deceased persons, the remaining families stated due to Pandemic they could not get the required procedures done and failed to get the death certificates and due to lack of technological awareness in the village, they neither could get it done in the Online mode.

Hence, we have made them aware on the modes on how they could get the certificate of death of the deceased.

28th 30th Mar, 22
Ashte Village
Visit

are not receiving it on a regular basis. Hence, we have advised them to report the same with the concerned Head Office under whom they were previously working and state them the issue and the way to get it resolved accordingly.

8. The average size of the Family is 5. Out of this 50% of them are educated while 50% are uneducated. Over 70% of the educated people have completed Matrix (10th Garde), Over 25% have completed PUC 2nd Year and around 5% of them have completed degree. Since the literacy rate stands at half than the required, there is need to create awareness about education and schooling. However, it is good to find out that children in the home all seem to go to school and knows well to read and write. We have made them understand and explained the benefits of studying a degree and pursue higher studies and not to end up in 10 or 12th and also the various reservations that are available to these people wherein they can study in a cost-effective manner.

9. All most every family have their Ration Card. Hence the facility of the procuring food through the Ration Card is being availed by all the people in the village. However few migrants faced problems stating due to change of work places they have kept their Ration Cards in their home towns as a result they couldn't avail Ration card facilities. We have advised them to get it back as soon as possible and to avail the benefit of having the Ration Card.

10) Approximately 10% of the families have their cases pending in the court and majority of them relate to Property disputes, against none any criminal cases are pending before the court as per the data collected.
